    ADVISORY BOARD
HIGH PERFORMANCE COMPUTING MODERNIZATION PROGRAM CENTER
    DIRECTORS
HIGH PERFORMANCE COMPUTING MODERNIZATION PROGRAM PRINCIPALS

SUBJECT: The Department of Defense (DOD) High Performance Computing
Modernization Program (HPCMP) 2023 Call for HPCMP Institutes Proposals

1. The DOD HPCMP requests proposals from the HPCMP community for the FY23
HPCMP Institutes. The Program establishes institutes to meet the specialized HPC
software needs of DOD Acquisition Engineering and Science and Technology
stakeholders. The Institutes will provide a software deliverable to the DOD HPCMP
community of Users for use on the HPCMP resources.

2. Eligibility: Institutes must be sponsored by a DOD Government scientist or engineer
and must use HPCMP resources to enhance mission impact and capability as discussed
in the overview. The Institute Managing Director and investigators or developers may be
scientists or engineers from Government, industry, or academia. If the Managing Director
is a DOD Government scientist or engineer, there is no need to name a separate DOD
sponsor.

3. The deadline for receipt of proposals is 27 February 2023. For additional information or
questions, contact Dr. Scott Morton at scott.a.morton@usace.army.mil or 850-333-3013.

 Encl   JERRELL R. BALLARD, JR., PhD, SSTM
                                                   Director, High Performance Computing
                                                      Modernization Program
